## *RoHS*

### Certificate of Compliance

Directive 2011/65/EU ("RoHS") restricts the use of several Hazardous Substances in some types of electrical and electronic equipments put on the EC market.

We hereby certify that the products (anode, cathode and tabbing foils) that we supply are in compliance with the requirements of the European Commission's decision n°2011/65/EU, amending the RoHS directive and limiting the concentrations of restricted substances in homogeneous materials to the following maximum values:

- 0.1 % w/w (1000 ppm) for lead, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE)
- 0.01 % w/w (100 ppm) for cadmium
- 0.1 % w/w (1000 ppm) for Benzyl Butyl Phthalate (BBP), Dibutyl Phthalate (DBP), Bis(2-ethylhexyl) Phthalate (DEHP), Diisobutyl phthalate (DIBP)
